TO: [REDACTED]		General Counsel)
BUILDING	South	ROOM NO. 308-A
REMARKS:		
<p>Joe: This just came in. Our man in [REDACTED] points out that repossession fees, transportation, etc., will eat up most of the woman's equity in the car if GMAC repossesses it. He wonders whether he would be acting detrimentally to the woman in turning keys over to GMAC, or instructing the hospital to turn over the keys. Monthly payment of \$88 is now due, and will be paid by us (meaning the taxpayer) unless we hear from you.</p>
